

Biospecimen Access Application Form

The Recipient Institution Investigator (the “**Investigator**”) is responsible for overseeing the project and controlling the laboratory and personnel receiving, using, and processing the requested specimens should complete this application.

Patient identity is confidential. Samples and accompanying clinical data will be identified by a code, which will not be released under any circumstances.

The investigator is responsible for remitting processing fees to SARC for each specimen transfer provided, including fees for any additional services performed and shipping costs not directly billed to the applicant’s courier account. Please refer to the attached SARC Processing Fees price list to determine the costs.

Directions:

1. Please **complete the Biospecimen Access Application Form**.
2. Investigator must provide IRB documentation (either approvals or that it was exempt) with your application.
3. If requesting specimens and/or data for a particular SARC trial or multiple SARC trials, please complete separate **Biospecimen Access Application Forms**, and/or **Imaging Access Application Forms**, and/or **Data Access Application Forms**, as necessary.
4. Upon application approval, the Investigator will receive the **SARC Biorepository Specimen Request Form** and a **SARC MATERIAL TRANSFER AGREEMENT** to complete. The language in the Agreement is **NOT** to be altered.
5. If you have any questions or need additional information, please contact SARC’s UDS Coordinator at sarc-uds@sarctrials.org.
